

BEACH BALL PIÑATA

A STEP-BY-STEP GUIDE

YOU WILL NEED

- White flour
- Water
- Salt
- Balloon
- Newspaper
- White paper
- String
- Paint
- Paint brush
- Lollies

STEP 1

THE MIXTURE

Mix together one part white flour and two parts water until lumps are gone and mix is thin. Add a pinch of salt.

STEP 2

BLOW IT UP

Blow up your balloon - try to make it as round as possible!

STEP 4

DRY, POP & FILL

Set your balloon to dry over night - try hanging it so the sides dry evenly. Once it's dry (it will feel quite hard) pop the balloon and pull it out. Now it's time to fill it with your treats!

TIP!
ATTACH STRING NOW IF YOU WANT TO HANG YOUR PIÑATA.

STEP 3

CUT & DIP

Cut rectangles of newspaper and dip pieces into mache mixture until it is lightly coated. Place pieces on your balloon and repeat until the balloon is covered. Finish with a layer of white paper!

TIP!
LEAVE THE STEM OF THE BALLOON UNCOVERED.

STEP 5

COVER & PAINT

Cover the hole using the same steps in step 3 - just use the white paper. Once it's dry paint the areas of the beach ball - usually it has 6 strips and a circle at each end.

STEP 6

UNLEASH!

Take in-turns trying to crack open the beachball! Will you throw it? Kick it? Whack it with a bat?
