

BLINDFOLD BATTLES

BEST OF THREE!

CHALLENGE 1 TASTE IT

Choose one member of the family to be blindfolded.

The rest of the family members must now rummage through the pantry and fridge and choose one food item. Place a sample of each item in front of the taste tester to identify. How many items can they guess correctly?

Now switch the blindfold over and choose new food items for them to guess...

CHALLENGE 3 MAKEOVER

Grab two makeup items - we suggest lipstick and eyeshadow.

Choose one member of the family for a makeover! Blindfold another family member and hand them the makeup. Now they must apply the makeup as best they can!

Switch the roles around so everyone has a turn of each. Who is the best makeup artist?

For this one you'll need a piece of paper each and some pencils, crayons or textas! Now study the image below.

Set your timer to two minutes, pop your blindfolds on and draw your best version of the image.

When the two minutes is up, the person whose drawing best matches the image wins!
