MILK CARTON BIRD FEEDER
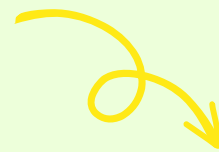

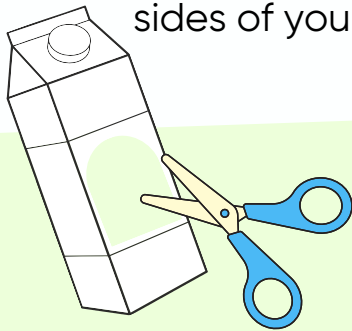

FEED THE BIRDS AND RECYCLE AT THE SAME TIME!

- An upcycled milk carton
- A hole punch
- Colourful paint
- Permanent markers
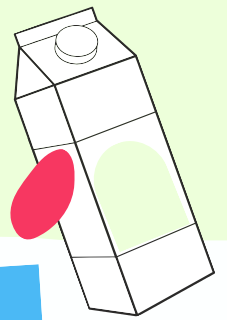

- Scissors
- Twine
- Bird seed

STEP 1 — CUT

Cut an archway into opposite sides of your milk carton.

STEP 2 — WINGS

Now on both sides of the carton draw and cut out a wing shaped flap and paint your carton a colourful colour.

STEP 3 — PAINT

Paint the flaps a different colour, add a triangle beak and eyes! Now place the bird seed inside and feed the twine through a hole in the top for hanging.
