

# CLOUDS IN A JAR

## EASY TO FOLLOW SCIENCE EXPERIMENT

### YOU WILL NEED

- Glass jar with lid
- A cup of boiling water
- Blue food colouring
- 3 - 5 cubes of ice
- Aerosol Hairspray

### STEP 1

#### POUR

Pour a drop of food colouring into the boiling water, then pour the blue water into your jar.

### STEP 2

#### SPRAY

Now quickly spray hairspray into the jar and immediately put the lid on

### STEP 3

#### ICE

Now put 3/4 pieces of ice on the lid of the jar and observe the clouds forming in the jar!

**TIP!**  
PUT THE LID ON  
IMMEDIATELY AFTER THE  
HAIRSPRAY SO HAVE IT HANDY!
