CHOOSE YOUR SLIME

FLUFFY SLIME

YOU WILL NEED

- Elmers Glue
- Shaving Foam
- Saline or Contact Solution
- Food Colouring

YOU'LL FIND ALL OF THESE INGREDIENTS AT YOUR LOCAL SUPERMARKET!

STEP 1 ADD

Find a large mixing bowl and add at least 3 cups of shaving foam. You can also add your food colouring now if you'd like your slime to be colourful.

STEP 2 MIX IN

Add 1/2 cup of Elmers glue to your mixture, followed by a tablespoon of saline solution. Stir it all together.

STEP 3 KNEAD

The best way to mix all of your ingredients together and to get the fluffiest consistency is to knead the slime like you would bread dough.

WHEN YOU'RE FINISHED PLAYING WITH YOUR FLUFFY SLIME, STORE IT IN AN AIR TIGHT CONTAINER.

OUBLECK SLIME

YOU WILL NEED

- Cornflour
- Water
- Food Colouring

STEP 1 MIX

Use a large bowl to mix 2 cups of cornstarch with 1 cup of water. If you want to add colour your slime, add food colouring to water first.

STEP 2 TIPS

If your mixture is a bit watery add a little more cornstarch, and if it's a bit clumpy, just add some more water.

DID YOU KNOW?
